

MARK MAX

Graco's top of the line Electric Sprayers for AIRLESS spraying of Paints, Fire Retardants and Airless Plaster.

TRUST YOUR BUSINESS AND REPUTATION TO GRACO

EVERYDAY RELIABILITY: Graco Endurance, the best pump in Industry, even got better with ProConnect™ 2, Vortex, Maxlife™ and Maxlife Extreme on ProContractor and Ironman series & Quikpak™.

WORK SMARTER: Streamline your business with Bluelink™ : Know at any time and any place the position and condition of your sprayer and materials supplies.

ALL DAY COMFORT & Control: with Maxflo 2 fluid passages, bright and large LED Display and time saving QuikReel Hose Reel.

Painter - Professional Airless Texture Applications

MARK IV™ / V™ / VII™ / X™ MAX STANDARD & PROCONTRACTOR - MARK V™ / VII™ / X™ MAX IRONMAN

There is nothing like a Graco MARK airless sprayer

Graco's MARK MAX airless texture sprayers provides the jobsite flexibility you need with technologies no other airless sprayer can offer. The MARK units are real multiple purpose units for large painting jobs for the inside as well as the outside! Your top of the line buddy sprays airless plasters on top of most common paints.

STANDARD SERIES:

Everyday reliability for new residential and repaint jobs

PROCONTRACTOR SERIES:

Work smarter to finish more large residential and commercial jobs

IRONMAN SERIES:

For those tough, large commercial and industrial jobs

Not sure which sprayer meets your requirements?

The MARK IV is the optimal unit for large painting jobs for the inside as well as the outside! Versatile in applications, it is well suited for fire retardants and even the occasional plaster job can be tackled with this sprayer.

Our well known MARK V is a step up from that! Optimized for professionals that split their time between painting and plastering, and need the productive output this unit can deliver.

Delivering twice the performance of the MARK V, the MARK X ProContractor is strong enough to spray over 30.000 liters a year, and well equipped to handle the toughest airless plasters. Slightly too big for you? Try the MARK VII, you will be charmed by its price/performance ratio.

THE EASIEST MAINTENANCE

MARK MAX

BlueLink™ Management App

The easy way to manage your spray business

Every MARK MAX electric sprayer benefits from this innovative management App which allows contractors to know from anywhere:

- Each sprayer's location and daily productivity
- If jobs are on schedule and any concerns of the on-site crew
- If sprayers are properly maintained, plus any upcoming preventative maintenance needs
- If any materials or supplies are needed.

TRACK EVERY SPRAYER

Know exact locations and hourly productivity

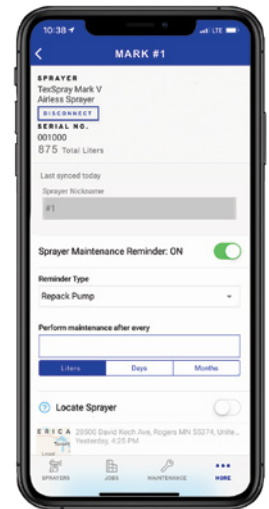

Make fewer trips to jobsites

KNOW JOB PROGRESS

On-demand productivity facts and reporting from anywhere

Ensure you're on time with needed materials

MAXIMIZE UPTIME

Set preventative maintenance schedules and receive alerts

Ensure your sprayer is ready for every job

STREAMLINE YOUR BUSINESS WITH BLUELINK™

Now you can track every sprayer, and know their locations and hourly productivity. You can follow the progress of each job and ensure you are on time with needed materials.

And you can maximize your spray time by setting preventative schedules and receiving maintenance alerts.

NO MONTHLY FEES

Local data carrier rates may apply.

Endurance™ Pumps: New levels of durability

MARK MAX electric sprayers feature Endurance™ pumps, the most rugged and reliable pumps on the market, delivering at least 2x more life than the next leading brand.

Their V-Max Blue Packings deliver more spraying performance, while the new and exclusive MaxLife™ EXTREME delivers long life with the lowest cost of ownership.

Endurance™ pumps can spray the widest range of coatings thanks to oversized clearances for maximum performance.

Moreover, they allow easy, modular repair thanks to features such as a ProConnect pump removal system, easy serviced QuikAccess intake valve, and QuikPak V-Max Blue Cartridge packings.

The best just got better

Endurance™ Vortex Pump

The ProContractor and IronMan Series benefit from the Endurance Vortex pump, in which a helical design rotates the pump rod.

Oversized fluid passages deliver high velocity flow to rotate the piston, even wear delivers longer life, and the pump uses 360 degrees of wear surface to deliver exceptionally long life.

Endurance™ Vortex MaxLife™ EXTREME Pump

The MaxLife™ coating on ProContractor and IronMan improves the lives of repacks by 6x. The EXTREME MaxLife pump rod delivers the most durable wear surface ever thanks to a proprietary abrasion resistant composite; ensuring 3x longer rod life than MaxLife.

Endurance Chromex™ Pump

Lasts 2x longer than competing pumps

Endurance Vortex MaxLife Pump

6x longer between repacks

Endurance Vortex MaxLife Extreme Pump

Extends pump rod life by 3x — delivering the industry's lowest cost of ownership

Standard Series

The best just got better

The MARK MAX family of airless texture sprayers provides the jobsite flexibility you need with technologies no other airless sprayer can offer. ALL MARK MAX airless texture sprayers are engineered for medium to high-viscosity coatings to deliver the best spraying performance and maximum productivity.

Endurance™ Pump

- Chromex Rod, SST Sleeve, and V-Max Blue packings deliver 2x longer life than competition
- Long Life V-Max Blue packings
- QuikPak delivers simple modular repair solution – Repack the entire pump in 2 minutes

MaxFlo 2 with Pack-Out Protection

- Self-cleaning seal oscillates with every pump stroke – eliminating material build-up & pack-out
- Offers uninterrupted spray for maximum productivity
- Oversized MaxFlo fluid passages deliver maximum flow – even with the heaviest materials

SmartControl™ 4.0 with ProGuard

- Delivers best finish; lowest dead band at any pressure
- ProGuard protects from power spikes and bad power

BlueLink™ Management App

- Measure productivity on each job - on demand, from anywhere!
- Track one or multiple jobs and view overall progress
- Just the facts! Use data for future job estimating and equipment maintenance intervals.

FastFlush™ 2

- Runs motor speed faster than ever, delivering 6x faster cleaning using half the water
- Spend less time cleaning and more time spraying

MaxPower™ DC Brushless Motor

- High torque brushless design delivers performance with lifetime warranty

Advantage Drive™

- Heavy-duty precision gears deliver long life paired with quiet operation
- Guaranteed for life!

Easy Out™ Pump Filter

- Large filtering area reduces tip clogs and ensures a high-quality finish
- Vertical Filter removes for less mess

WatchDog™ Pump Protection

- Automatically shuts paint off when the paint runs out
- Prevents pump from running dry
- Minimizes material loss and mess in case of hose damage

ProContractor Series

Work smarter, finish more large residential and commercial jobs

If you want more than the standard, then spoil yourself. Choose for the ProContractor upgrade version. All the good of the Standard Series, plus more!

Experience Graco only features, allowing you and your team to work smarter and to finish your job with less fatigue.

Bright LED display

Protect and monitor your investment more easily, with easy to read LED display that shows the job/lifetime/liter counter and the self diagnostics

ProContractor Series sprayers also include all Standard Series features:

- **NEW** BlueLink Job and Sprayer Management App
- **NEW** SmartControl 4.0 with ProGuard
- **NEW** FastFlush 2
- Easy Out Filter Manifold
- Precision Advantage Drive
- MaxPower Motor
- Heavy-Duty Prime Valve
- Rugged, Durable Cart Design

Endurance™ Vortex MaxLife™ Pump

- Featuring breakthrough MaxLife™ coating to deliver long life – 6x longer between repacks
- Innovative Vortex Rotating Rod technology provides rotating piston that delivers longest life, ensuring even and consistent loading

QuikReel™ hose management system with 15 meter hose

- Hose guide eliminates twisting, kinking and coiling for one-person operation
- Hose is always connected!
- Use only the hose you need — the rest stays on the reel

Crush-Proof Inlet Filter

- Extremely durable, stands up to the harshest impacts

ProConnect™ 2

- Eliminates costly jobsite downtime
- Quickly and easily swap out the pump for a spare - on the job
- Pin-less design needs no tools

IronMan Series

For those tough, large commercial and industrial jobs

If you want more power, more durability, longer life, then opt for the MARK V, VII or X IronMan. Beyond Jobsite tough.

IronMan Series Electric sprayers are built to routinely handle the rugged demands of large job sites, day in and out! The longest life Pump ever, never have a flat tire again!

Endurance™ Vortex MaxLife™ EXTREME Pump

- Featuring breakthrough MaxLife Extreme technology to deliver the longest life of any sprayer
- Rotating piston provides even wear – ensuring even and consistent loading for longest life
- QuikPak delivers simple modular repair solution – Repack the entire pump in 2 minutes

Flat-Proof Tires

- Light and durable composite rim
- These tires can't be punctured by nails, screws or other sharp debris

Crush-Proof Inlet Filter

- Extremely durable, stands up to the harshest impacts

ProConnect™ 2

- Eliminates costly jobsite downtime
- Quickly and easily swap out the pump for a spare – on the job
- Pin-less design needs no tools

IronMan Series sprayers also include all Standard Series features:

- **NEW** BlueLink Job and Sprayer Management App
- **NEW** SmartControl 4.0 with ProGuard
- **NEW** FastFlush 2
- Easy Out Filter Manifold
- Precision Advantage Drive
- MaxPower Motor
- Heavy-Duty Prime Valve
- Rugged, Durable Cart Design
