LINCRUSTA ADHESIVE PRODUCT SAFETY DATA SHEET	

Product Safety Data Sheet

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND COMPANY/UNDERTAKING

Product name – Lincrusta Glue

Application- A specially formulated adhesive for the application of Lincrusta wallcovering.

Product Numbers – RDADH50 RDADH10

2. HAZARDS IDENTIFICATION

Non Hazardous

3. COMPOSITION/INFORMATION ON INGREDIENTS

Summary

Water based dispersion of a copolymer emulsion (Vinyl acetate/Ethylene), starch, reinforcing filler, plus additives for stability and preservatives.

Detail

Clay 7 – 10%

Dextrin 1 – 3%

Ethylene Vinylacetate polymer 15 – 20%

Glycerol Monostearate 0.1 – 0.3%

Starch 10 – 17%

Sodium Nitrate 2 – 5%

Sodium Aluminosilicate < 0.1%

Urea 1 – 3%

Water 50 – 60%

The product contains less than 0.1% active preservative:

26530-20-1 2-octyl-2H-isothiazol-3-one

The product contains less than 0.2% active preservative:

5-chloro-2-methyl-4-isothiazolin-3-one, 2-methyl-4-isothiazolin-3-one, 2-methyl-4-isothiazolin-3-one & bromonitropropane diol (Bronopol).

4. FIRST AID MEASURES

INHALATION

Not hazardous under normal conditions. Remove to fresh air.

INGESTION

LINCRUSTA ADHESIVE PRODUCT SAFETY DATA SHEET

Wash out mouth with water. Give water to drink. Do not induce vomiting. Seek immediate medical attention

SKIN CONTACT

Wash with warm water and soap. Remove any contaminated clothing. Prolonged contact may cause irritation

EYE CONTACT

Irrigate with copious amounts of clean water for 15 minutes. May cause temporary irritation. Seek immediate medical attention.

5. FIRE-FIGHTING MEASURES

EXTINGUISHING MEDIA

Aqueous dispersions will not burn. Dried films are combustible.

Extinguishing media for dried film: Water, foam, carbon dioxide or dry powder.

6. ACCIDENTAL RELEASE MEASURES

Contain spillage using sand or earth. Scoop into containers for disposal according to Local Authority regulations. Spillages should not be washed to drain unless it leads to a suitable effluent treatment process.

7. HANDLING AND STORAGE

Store in a cool, dry place. Do not allow to freeze. Store in original container with lid closed. Small levels of volatile organic compound may accumulate in the headspace of containers, which should be opened in ventilated surroundings.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Wear gloves for hand protection and eye protection if splashing is likely, along with suitable waterproof overalls and boots. Use good hygiene practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance – Off-White viscous paste

Odour – Characteristic

Density – approximately 1.1g/cm³

pH – 5.0-8.0

Flashpoint: N/A

LINCRUSTA ADHESIVE PRODUCT SAFETY DATA SHEET	

Solid content – 30-40%

10.STABILITY AND REACTIVITY

Stable with respect to storage conditions.

11.TOXICOLOGICAL INFORMATION

Essentially non-toxic, refer to Exposure controls.

12.ECOLOGICAL INFORMATION

The biological Oxygen demand of some components may be harmful to aquatic organisms. The filler component is not biodegradable. The product is miscible in water, and is thus likely to be transported considerable distances if allowed ingress to water.

13.DISPOSAL CONSIDERATIONS

Dispose according to Local Authority regulations.

14.TRANSPORT INFORMATION

Not classified as hazardous for transport.

15.REGULATORY INFORMATION

This product is not classified as hazardous. This data sheet does not constitute a user's assessment of workplace risk as required by HSW act, COSHH, Management of Health and safety at Work regulations, or other health and safety legislation.

16.OTHER INFORMATION

The information supplied in this safety data sheet is, to the best of knowledge, true and accurate, but any recommendations or suggestions made are without guarantee since the conditions of use are beyond our control. The data contained in this safety Data Sheet has been supplied as required by the REACH Regulation (EC) No. 1907/2006 for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided.
