

PRODUCT INFORMATION SHEET

Tetrion Wood Hardener

Description

Tetrion Wood Hardener helps prevent the recurrence of wet rot problems. It also strengthens decayed and rotten wood by binding wood fibres together to provide a solid base for filling. Use Tetrion Wood Hardener in conjunction with Tetrion Woodfiller to provide an effective and lasting repair for wet rot problems, particularly suitable for repairing window frames, sills, cladding and doors, inside and out.

Advantages

- Super smooth and flexible.
- Shrinking and cracking resistant.
- Interior/Exterior Use.
- Easy sanding.
- Can be nailed or screwed.
- Rapid drying and low odor.

Directions for use

- Make sure that the surface is dry and free from dirt, grease, oil and any loose material.
- Check the surface to be treated is reasonably firm by removing any soft or decayed wood. Allow wood to dry thoroughly.
- Shake can before use. Pour a small amount of liquid into a metal dish and apply to the affected area with a paint brush. Ensure that the repair area and immediate surrounding surface is completely saturated with Wood Hardener.
- Allow to harden for at least 6 hours before completing the repair with a suitable filler such as Tetrion Woodfiller.
- Clean brushes in methylated spirits after use.

NOTE: Do not allow to come into contact with plastic materials or sound paintwork.

Availability

500ml – TWH500

**DISCLAIMER**

This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request).

Neither of the publisher of this Product Information Sheet or the product(s) manufacturer accepts liability for the failure of any person to observe and follow the information and/or instructions and/or warnings on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet.

Any person selecting and using or causing the product(s) to be used for a specific purpose or any third party recommending the product(s) for a specific purpose without in either case first making all appropriate inquiries as to the suitability of the product(s) for the intended purpose does so at his/her/their own risk and no liability is accepted by the publisher or the product(s) manufacturer for any consequent loss, damage or injury, other than such liability as may not (by operation of law) be excluded.

This Product Information Sheet does not apply to the use of the product(s) in any combination or with other products or materials.

Users of a product or products marked "For Professional Use Only are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s).

Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
