

3-in-1 WALLPAPER COVER-UP

ZINSSER WALLPAPER COVER-UP. THE ALL-IN-ONE PRIMER, SEALER & STAIN BLOCK - A HIGH HIDING PRIMER THAT OBLITERATES WALLPAPER PRINT WITH A SMOOTH MATT OFF-WHITE FINISH. THE SMART WAY TO PAINT OVER WALLPAPER. NO STRIPPING NEEDED. USE UNDER ANY COLOURED EMULSION.

Obliterates wallpaper print
Prevents blistering of wallpaper
Blocks water soluble stains

Preparation:

For best results, ensure surface is smooth, clean, dry and free from any surface contaminants. Wallpaper must be well adhered to the surface.

Application:

Stir thoroughly before use. Apply when temperature is between 10-30°C to ensure proper drying. Best results are achieved by roller application – Use a short pile (up to 5mm) mohair or microfibre roller. Apply evenly and avoid overspreading. If applying by brush, load generously and avoid overspreading. For very dark wallpapers or those which have a contrasting print, obliteration can be improved by using a 'wet on wet' rolling technique. 15-30 minutes after application, roll over the applied surface again using a lightly loaded roller.

Coverage:

5-8 m² / litre. Uneven surfaces or a thicker coat will reduce coverage.

Wet film thickness 125-200 microns @ 5-8 m² / litre.

Weight Solids = 80.0+/-2%, Volume Solids = 56.6+/-2%, Specific Gravity = 1.67+/-0.03

Drying:

Touch dry within 2-4 hours. Allow a minimum of 4 hours before over painting with a good quality wall paint.

Clean Up:

Remove as much product as possible from equipment before cleaning with white spirit. Do not empty into drains or water courses. Some local authorities have special facilities for the disposal of waste coatings.

Limitations:

For best results, limit brush application to 'cutting in'. Avoid using a heavy pile roller – short pile gives a smoother, more even finish. Ensure application area is well ventilated to facilitate drying.

3-in-1 WALLPAPER COVER-UP

Health & Safety

An MSDS is available.

Label Health & Safety below.

Warning

Flammable liquid and vapour.

Keep out of reach of children. Read label before use. If medical advice is needed, have product container or label at hand. Keep away from heat, sparks, open flames and hot surfaces. - No smoking. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Store in a well-ventilated place. Keep cool. Dispose of contents and container in accordance with all local, regional, national and international regulations.

EU limit value for this product (Cat IIA/g): 450g/l (2007) 350g/l (2010.) This product contains a maximum of 335g/l VOC.
